Recall Management Division
National Highway Traffic Safety Administration
Room W48-302

Dear Ms. Timian:

As you know, on October 19 Toyota submitted a Part 573 Report to which the agency assigned campaign number 14V-655. The population of vehicles in this recall includes all of the vehicles in 14V-350, the limited field action in support of NHTSA's investigation of Takata initiated in June. As such, it is our intention to report all completions under 14V-655. We trust this is satisfactory.

Sincerely,

A handwritten signature in black ink, appearing to read "A. Saadat".
